REPLY BRIEF UNDER 37 C.F.R. 1.193

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

This reply brief is filed in response to certain new grounds for rejection raised by the Examiner and the Examiner's Answer of November 21, 2006.

In particular, the Examiner has stated that drawings could not be used to determine the equal radii even if the concave surface were shown.

This is clearly in contrast with the holdings in Vas-Cath, Inc. v. Mahurkar, 19 U.S.P.Q 2d 1111 (Court of Appeals Federal Circuit 1991) wherein the court stated that the drawings alone may be sufficient to provide the "written description of the invention" required by 35 USC 112, first paragraph.
